- Ken Nagel

Nothing Replaces PREVENTITIVE MAINTAINENCE!

- Reading is fundamental

Nothing Replaces PREVENTITIVE MAINTAINENCE!

- Fluid check
- Cooling system

Nothing Replaces PREVENTITIVE MAINTAINENCE!

- Battery

Nothing Replaces PREVENTITIVE MAINTAINENCE!

- **Tires / Spare / Jack / Lug wrench / Key**

Nothing Replaces PREVENTITIVE MAINTAINENCE!

- Lights (in & out)

But! I don't work on my car!

**He's not much of a mechanic but, you should hear
the engine purr!**

What don't I need?

- Commercially Prepared Emergency Kit

What don't I need?

- **Tow Rope**

What don't I need?

- **Brake Fluid**

So What Do I Need?

- (Keep in mind I don't have much room!)

First off, the basics...

- Your cell phone, provided you promise to be responsible and not run into me while using it!

- 1-800-GOOG-411

If all else fails... Your AAA card!

Safety First!

Don't even THINK about working under a car without jack stands!!!

Safety First!

Safety First!

- Type A-B-C
- 2 ½ lb Minimum
- Built in Gauge
- Available Quickly
- Dry Chemical

Safety First!

- First aid kit
- Home made is best!
- Make sure everything is labeled
- Tailor to your skill level
- Include personal items, meds, contact lens solution, spare reading glasses

Stop Fulin' Around

- I hear some Fieros have a gas gauge issue...

Stop Fulin' Around

- Gas-O-Haul
- ItzaGasCan

**As for the rest.....
That's your decision!**

**Mine.... Weighing in at 26 lbs.
(way over kill, but that's me)**

THE PARTS

THE BAD PARTS

Cleanliness is next to impossible

The Extras

Disclaimer:
Not all items
packed on all trips.
Results may vary.
Void where
prohibited. Seek
legal council before
listening to this
guy...

Worthy of consideration

- **Safety Vest**
- **Reflectors/Flares**
- **Jumper Cables**
- **Food/Water**

REMEMBER:
Duct tape fixes everything
